**SUBJECT: APPLICANTS TO THE LOS OSOS WASTEWATER PROJECT TECHNICAL
ADVISORY COMMITTEE**

Dear Prospective Applicant:

The San Luis Obispo County Department of Public Works will be accepting applications for membership on the Los Osos Wastewater Project Technical Advisory Committee through June 29, 2007. We are seeking one qualified individual to fill a vacancy on the Committee in the area of Environmental Review and Compliance. It is not necessary to have a license or degree in a specific area to be considered "qualified." Therefore, please be sure to clearly indicate your area(s) of experience on the application.

The primary work-product of the Committee is a Pro/Con evaluation of wastewater Project alternatives. This report will be presented to the County Board of Supervisors for their consideration of "Viable Project Alternatives." It will also be an important component of public information leading to the community's "Prop 218" election and the community's advisory survey on a preferred project. The Pro/Con report is scheduled to be completed in July 2007. After July the Committee will meet, as needed, over a period of approximately one year, leading up to the "Prop 218" election and the community advisory survey.

The adopted by-laws and recent meeting agendas should provide more insight into the roles and responsibilities of Committee members. In your application, please acknowledge that you have read the by-laws and agree to follow them. The by-laws are available for review at www.slocounty.ca.gov/PW/LOWWP.htm, the Los Osos Community Services District Office at 2122 9th Street, Los Osos, CA, or by contacting John Waddell, Project Engineer at (805) 781-5252.

Thank you for taking the time to consider this important responsibility. We look forward to working with you towards a successful solution to the Los Osos Wastewater Project.

Sincerely,

NOEL KING
Public Works Director

PAAVO OGREN
Project Director
